AHFA DMS AUTHORITY ONLINE APPLICATION (DMS) REGISTRATION

Returning users should **NOT** register in DMS for the applicable cycle. Registration to log into the DMS is only required once. Returning users will log into DMS using existing credentials and the organization code assigned previously. Changes to existing user contact information (i.e., address, phone, email, contact personnel, titles, etc.) should be edited once logged into the DMS. Contact Chris Hert at ahfa.mf.dms@ahfa.com if you are unable to access DMS using your existing credentials and/or the organization code assigned to you previously.

New users should begin the registration process using the following link:

<https://multifamily.ahfa.com/AuthorityOnline/Default.aspx>

All items in the registration request must be completed. Once approved by AHFA, newly registered users will receive a unique organization code which will always be used as the unique organizational identifier. Users must provide their organization code to a project applicant in order for the applicant to affiliate the registrant with a particular project application.

AHFA recommends the project applications be initiated by an owner (member, partner, shareholder, etc.) of the proposed project. However, an owner may authorize a third-party to complete the application on their behalf. Both options are listed below:

1. Owner Completing Application: The owner entity will affiliate members of the ownership structure, development team, construction team, and management team using the organization codes provided to each of those users. The owner will then continue with completion of the project details requested in the application.
2. Third-Party (non-owner) Completing Application: The owner entity will affiliate a third-party to complete the project application using the organization code assigned to the third-party. The owner will authorize the third-party's role and grant them online application editor rights which will allow the third-party to complete the application on behalf of the owner.
